# What our Clients say

“

“Life Credit Union moved to Nostra to manage our IT infrastructure in 2019. In our heavily regulated environment Nostra are an integral part of our team, providing key IT support and giving us confidence in our IT infrastructure moving forward. We have already realized significant improvements in our network security and connectivity since they onboarded with us. We look forward to a long term and proactive partnership with Nostra”

**Karen Mulligan | CEO  
Life Credit Union**

“I can honestly say that we are more than happy with our decision to work with Nostra. Put simply, “Nostra Delivers”.

**Tim Molan | CEO  
Affinity Credit Union**

“Capital Credit Union transferred to Nostra for managing our network and immediately felt confident that our system would be brought up to the best possible standards of monitoring and maintenance. I am happy to recommend them as a strong network services provider.”

**Pat Byrne | Operations Manager  
Capital Credit Union**

Nostra is an independent, Irish owned and managed ICT company with offices in Lucan, Smithfield, Galway and Laois. Nostra has been supporting Credit Unions with Managed IT Services for over 10 years and have grown a prominent portfolio of Credit Union clients. Nostra makes compliance easy and we give Credit Unions confidence in their IT, ensuring their IT Systems are robust, reliable and secure.

*“Managed Service delivery is about providing confidence. Giving our customers confidence that their IT is being managed to the highest standards and ensuring their IT platforms are reliable, secure and underpinned with appropriate processes is our core focus. In supporting Credit Unions, we have a dedicated Credit Union team who are trained in and fully understand the regulatory environment that Credit Unions operate under. We deliver services to the highest quality and have a Knowledge Management System that is fully auditable and which we share with our customers.”*
